BALERS™

BRAMIDAN® AUTHORIZED NORTHEAST DISTRIBUTOR

LIMITED SPACE FOR WASTE

The X10 is suitable for smaller retail shops, industrial companies or other companies, who need a compact baler with high capacity. The compact design makes it ideal where space is limited.

Equipped with cross cylinders, this machine offers superior press force but also a very low overall height. The X10 has a relatively large filling opening, making the daily operation as easy as possible.

1 Compact your waste and eject the finished bale. **2** Remove and store the bale until collection. **3** The cross cylinders ensure stable compression and a low overall height. **4** The bale is ejected by a safe two-hand operation.
